

# Citizens Source Water Protection Committee to meet Nov. 8 in Dover

**DOVER** – The Source Water Protection Citizens and Technical Advisory Committee (CTAC) of the Source Water Assessment and Protection Program will meet from 9 a.m. to noon Wednesday, Nov. 8, 2017 in Conference Room 220 A&B of the Kent County Administrative Offices on Bay Road in Dover. More information about the meeting, including the agenda, can be found on the [State Public Meeting Calendar](#).

Delaware's Source Water Assessment Plan was approved by the U.S. Environmental Protection Agency in October 1999. The program is charged with delineating source water areas around all sources of public drinking water in the state, identifying all existing and potential sources of contamination within those areas and making the information available to the public. The Source Water Protection Law of 2001 maintains the CTAC as an advisory committee to the Secretary of DNREC on the implementation of the Source Water Assessment Plan and closely related matters.
